New Slide Division Rules

*At the last executive meeting it was decided that, starting in September 2007, digitally projected images will be another venue for members to compete in club competitions. Members will be able to submit digital images for competition in the **slide** division.*

The new slide division will be composed of the traditional 35 mm slides and digital images. The number of entries for the year will remain at 18. Members in the slide division may enter 35 mm slides, digital image files or a combination of both to a maximum of 18 images per year (3 per competition). Members submitting digital images in the new slide division will enter at their current **slide division level**. Members, who have not competed previously in slides, will enter the new slide division at the Bronze level. **F**
